

LYNCH WILL MAKE BIG IMPROVEMENTS

Will Increase Output of Alachua
Cypress Mill Enormously.

NEARLY DOUBLE THE CAPACITY

The Mill, Which Originally Had a Capacity of 15,000 Feet, Will be Increased to 25,000 Feet—Forests Have Unlimited Supply.

P. J. Lynch of Jacksonville, who recently purchased the mill and timber interests of the Alachua Cypress Company at Fairbanks, on Newnan's Lake, proposes to make many improvements in the near future. The plant, which has already a cutting capacity of 15,000 feet per day, will be increased to 25,000, because Mr. Lynch is a business man and sees that this increase will pay.

Mr. Lynch was in the city a day or two ago. He is a young man possessed of business ideas and declares that it is better to put in a plant to cut 25,000 feet a day and use the timber in a comparatively short time than it will be to cut 15,000 per day and prolong the operation.

"As far as the time of operation is concerned," Mr. Lynch said, "that does not figure much. Naturally, cutting 25,000 feet a day will exhaust the timber in two-thirds the time a mill would do cutting 15,000; but there is lots of fine timber on Newnan's Lake, and I figure that if we cut 25,000 a day it will require from twelve to eighteen years to remove all cypress from the swamp.

"We are here to stay," continued Mr. Lynch. "We did not come here on a speculative proposition, because we investigated this matter thoroughly and found a great deal of virtue and pure business principle in the deal. We are going to stay here. We are going to pay out a great deal of money for labor, but in the meantime we are going to try and make a good living besides."

Mr. Lynch, who is in charge of the mill, proposes to employ a large number of hands, and there is no doubt but that he will make the new concern pay.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted Catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I was in need of and I began its use at once. My health was dreadful, and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for awhile I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine.

Rheumatic pains, sleepless nights, feeble appetites, etc., are not imaginary with old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

Entertainment at Rochelle.

Martha Perry Institute of Rochelle, of which Prof. J. H. Owens is the efficient principal, gave an ice cream social and entertainment at the hall Friday night, which was well attended and highly enjoyed.

The proceeds were donated to the payment of the piano now in use in the school. Quite a neat sum was realized, and everybody who attended are perfectly happy over the occasion.

Prof. Owens is making a fine institution of Martha Perry Institute this year, because he is doing good work and has the co-operation of the patrons of the school.

ELKS WILL HAVE A FINE BUILDING

Everything for Comfort of Elks,
Their Families and Friends.

WILL BE FULLY UP TO DATE

Building Will be Erected for Modern Purposes and Principles—Many Club Features Will be Included in the Plans and Specifications.

Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, are prospering—or are about to prosper—as they will soon have one of the finest and most up-to-date buildings in the city.

The Gainesville Lodge of Elks was organized only a few weeks ago. The order, here as elsewhere, is composed of the very best people of the community, and no one who cannot be vouched for by the public as being strictly a gentleman and a good fellow is admitted to membership.

The Elks, which is a social as well as a fraternal order, are determined to erect in Gainesville one of the finest and most modern lodge and club rooms in the country, at a cost of from \$18,000 to \$20,000. The building will be complete in every detail. It will contain a restaurant or cafe, cigar stand, reading room, billiard parlor, bowling alley, and other attractions where not only members of the order, but friends, visiting Elks and members of families of Elks, may go and feel assured of perfect safety and courteous treatment. It will be a venture in Gainesville which has long been needed, and which will be successful and popular.

The club-room will be operated on strictly moral and refined principles. It will be a place where ladies, wives, mothers and sisters of Elks may congregate in the evening and enjoy themselves, and altogether the resort will be a most desirable one.

A number of lots have been looked over by the committee appointed for the purpose, but no selection has yet been made. As soon as a lot is selected preparation will be made for a building, which will be a credit not only to Gainesville, but the entire State.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Jolly Chowder Party.

A jolly chowder party made a trip to Kinley's Pond Friday and enjoyed one of the finest chowders Judge Carlisle ever prepared, which says a great deal, as the Judge is regarded as the champion chowder maker of this section. The crowd was not large, but there were enough present to "drain the pot," and more might have been consumed if it had been in evidence.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Friday Night's Fire.

An alarm of fire was turned in at 8 o'clock Friday night, Box 84, which summoned the department to the house occupied by Allison Hall, colored, near the Gainesville & Gulf depot. The department responded with the usual promptness, but the fire had gained such headway that the house and contents were destroyed.

New Cure for Cancer.

All surface cancers are now known to be curable by Booklen's Anker Salve. Jas. Walters of Duffield, Va., writes: "I had a cancer on my lip for years that seemed incurable, till Booklen's Anker Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at all drug stores.
